International Foundation Year Programme

Your Pathway to Undergraduate Study

The International Foundation Year programme is designed for International Students who need to acquire English language and/or the academic levels required for entry onto Undergraduate degree programmes at DCU.

What will this course offer you?
– Equip you with the knowledge, skills and confidence to commence your undergraduate studies

Who is this programme for?
– Non-native speakers of English who want to study for an undergraduate degree at DCU
– Students who have finished high school in their own country but do not yet have the qualifications to go straight on to a university programme

Choose your subject route
Applicants to the DCU International Foundation Year Programme can choose between four pathways:

– Science
– Engineering
– Humanities
– Business

Dublin City University

Study at a top ranked university in Ireland for international students

Why Study at DCU?

Dublin City University is a dynamic, welcoming community devoted to our students' personal and professional development. DCU provides a great environment for students to be at the forefront of both their academic and personal development.

Top Ranking Education

DCU ranks among the world's top young universities (QS and THE rankings) and has one of the best graduate employability records of all Irish universities.

Vibrant Student Life

Students can also benefit from a range of activities to get involved in the university experience. DCU currently has over 140 Clubs and Societies spread across all campuses and catering for all interests, hobbies and passions.

Lifelong Alumni Network

Upon graduating, you become part of our Alumni community, with approximately 90,000 graduates worldwide. We ensure that you have an opportunity to stay connected and engaged with the DCU community
